Hutchinson and Other  
American Golfers Arrived at New York

New York, July 9.—For the first time in history the trophy emblematic of the British open golf championship to-day began a year's residence in the United States. It was brought by Jock Hutchinson of Chicago, who with the other American golfers arrived on the Carmania after their matches with the Britons at St. Andrews.

ELKS IN LOS ANGELES.  
Six Days of Enjoyment Planned for Convention.

Los Angeles, Cal., July 9.—Six days filled with pageants, parades, excursions, banquets, barbecues, balls and business sessions lie ahead of delegates and other members of the Benevolent Order of Elks when they arrive here to-morrow for the annual sessions of the grand lodge of the order.

While the grand lodge will not be officially opened until Monday night, the program arranged by Los Angeles lodge, No. 99, provides for something to interest the visitors from the time their special trains pull in to-morrow morning until the following Friday, when the gathering closes with a ball at one of Los Angeles' new hotels.

Business sessions of the grand lodge open Tuesday. One of its first actions, it is expected, will be to send a fraternal

message to Brother Warren G. Harding, President of the United States. Election of officers is scheduled for Wednesday. According to local Elks the only person talked of for the office of grand, exalted ruler is William W. Mountain, of Flint, Mich. Selection of a place for the 1922 grand lodge meeting is expected to follow.

Business sessions will be held on Thursday and Friday. Interspersed will be trips to Catalina Island, Santa Monica, Long Beach, Redondo Beach, Pasadena, and other nearby resorts. The annual parade, in which the delegates and their companions will march, grouped according to states, will be held Thursday morning.

There are 1415 lodges of the order, each of which is entitled to send one delegate. Past exalted rulers of the lodges are also members of the grand lodge, and the local committee anticipates they will swell the number of official representatives to at least 2,000.

## Ford Plant Builds 108,962 in June

Demand Exceeds Output as Ford Breaks  
All Previous Records

During the month of June, the Ford Motor Company, through its Detroit factories and 22 Assembly plants throughout the country reached the production of 108,962 Ford cars and trucks, setting up a new high record for one month.

Production of Ford cars and trucks has been steadily increasing since early spring, and shows substantial gains over the same period last year. The second quarter of 1921, viz., April, May and June, shows an output of 301,796 Ford cars and trucks against 226,878 for the same three months of last year, or a net increase of 80,918.

Despite the fact, however, that the Ford Plants have been running at maximum capacity, the demand for Ford cars and trucks is not being met, and at the present time, many thousand unfilled orders have been piled up ahead so that Ford sales are still limited by manufacturing facilities rather than marketing possibilities. Particularly is this true with respect to enclosed cars, for which the demand has been unusually heavy.

One reason cited by Ford Officials for the unprecedented demand for Ford cars is the present tendency toward economy. Many of those whose names have been added to the long list of buyers might well have afforded larger and more costly cars than the Ford, but it is the belief that most prospective motor car buyers are investigating all of the costs incident to motoring much more carefully than at any period during the past five years.

The estimated output of the Ford factories for July calls for 109,000 cars and trucks, or a production of 4360 a day for 25 days. Since the assembling of cars is being handled during an eight-hour work day only, the hourly output will be 545 cars. In other words, one Ford car or truck leaves the assembly line every 6½ seconds.

## TERRIFIC SWAT FOR HOME RUN

Harry Heilman of Detroit Knocked Ball 610 Feet

OFF PITCHER BUSS OF THE RED SOX

But Heilman and Blue Were Only Tigers Able to Hit Him

New York, July 9.—A home run, which landed 610 feet away from home plate, was credited to Harry Heilman of the Detroit Americans off pitcher Bush of the Boston team yesterday.

Good pitching was displayed by Nehf of the Chicago Nationals, Scott of the Boston Nationals, Kerr of the Chicago Americans and Bush of the Boston Americans. Nehf won over Alexander by putting out the Cubs with three hits while an error in the ninth lost for Chicago. Scott blanked Cincinnati with five hits. Kerr held New York scoreless after the first inning and kept the Yankees' 10 hits scattered. Bush was unhit for Detroit batsmen except Heilman and Blue.

Williams of the St. Louis Americans made his 16th home run of the season. He is six ahead of his 1920 grand total.

The New York Americans had won eight straight games until stopped by Kerr of Chicago yesterday.

## GROTON Great Outpouring of People for B. S. Eastman's Funeral.

Never before in the history of the town were so many people drawn together on a like occasion, as assembled Wednesday afternoon at the Methodist church to pay their last tribute of respect to the late B. S. Eastman. The church was filled to capacity and many were unable to get in. It was estimated that between six and seven hundred people were present. All business was suspended. In fact, it was in a measure, for the three days following Mr. Eastman's death. The services were in charge of Rev. Stead Thorndike, who spoke from Micah 2:10. "Arise ye, ye that depart, for this is not your rest." He was followed by Rev. F. W. Lewis of Highgate, who spoke of the life of the deceased as he knew him. During his six years' pastorate here and as his next door neighbor and friend, he recalled no instances where he failed in his duties as such. He also spoke of his generosity and kindness to the needy, or those in distress, of the position he had won for himself in business and social life and his prospects for the future had he been spared. Two selections were rendered during the service by Mrs. E. F. Clark, "Rock of Ages" and "Jesus Lover of My Soul." The bearers were L. S. Blanchard, I. N. Hall, R. A. Davidson, G. N. Clark, A. H. Helliell and William Emery.

The floral offering was very beautiful and came from friends in every direction. Following is the list: Family, pillow and plaque of lilies; Darling family, set piece; W. G. There were one hundred and twenty-eight automobiles parked in the village during the funeral service.

Mr. and Mrs. Morris Coffin, 2d, of Burlington, who are visiting their parents, Mr. and Mrs. A. W. Coffin, left Thursday for a few days' trip to Boston.

Mr. and Mrs. George Eastman went on Tuesday to visit their son, Harry Eastman, and family at Woodville, N. H.

Mr. and Mrs. Fred Donald of Springfield, Mass., are visiting Mr. Donald's mother, Mrs. Mary Donald, and other relatives, while on their wedding trip. In mentioning the relatives of the late B. S. Eastman in Tuesday's paper, the name of W. B. Darling was unintentionally omitted.

## KEEPS KEARNS AS MANAGER

Champion Dempsey Denies Report From Atlantic City

THAT MAYOR BADEN WAS TO GET JOB

Baden Is a "Fine Fellow" Says Dempsey, And Shrugs Shoulders

Cheyenne, Wyo., July 9.—Dempsey emphatically denies reports originating in Atlantic City that Mayor Edward Baden of Atlantic City would supplant Jack Kearns as his manager. Dempsey was seen here last night en route to his home in Salt Lake City.

"Jack Kearns will be my manager as long as I am a fighter," champion Dempsey said. "Mayor Baden is a fine fellow and a fine sportsman, but as for my manager, well—" and Dempsey shrugged his shoulders.

**REDUCING ACTIVITY.**  
American Joint Distribution Committee in Poland.

Warsaw, July 9.—The American joint distribution committee which has been doing relief work among the Jewish population in Poland nearly two years is preparing to greatly reduce its activities early in July, it was announced in Warsaw recently. Approximately \$25,000,000 has been expended to date.

One of the principal tasks undertaken by the joint distribution committee was the sending of money from individuals in America to poor relatives in Poland. This work has already been discontinued.

While the welfare work of the joint distribution committee is to be cut down about one-third, the care of a limited number of orphans in Poland and Jewish refugees coming from Russia is to be continued. Reconstruction work in the war-stricken districts is also to go on, 300 villages scattered along the eastern borders of Poland already having been benefited by water supply stations.

An educational campaign, under direction of Dr. Harry Plotz of New York City, designed to teach the benefits of sanitation, was inaugurated this year. In these operations it is planned to reach virtually every Jewish home in the smaller towns throughout Poland which has a Jewish population of something like 4,000,000. The total population of the new republic is approximately 30,000,000.

Sixteen doctors from America who began their field work last fall are to continue indefinitely, working in the districts where there is the most need. Under supervision of the joint distribution committee, medical department, ninety-two hospitals have been established in various Jewish settlements. Some 500 public bath houses have also been erected in as many villages; many of which had never had such an institution until this spring.

Within the last few months more than 100,000 children have been vaccinated against smallpox by the joint distribution committee doctors and their assistants.

Hereafter, virtually all efforts are to be directed more toward productive work designed to help permanently the thousands of war sufferers and others who have lost their means of livelihood in life and who are gradually becoming independent of charity.

**Her Conclusion.**  
"Mamma," said Elsie when the family and visitors from the country had sat down to breakfast, "is it true that people who snore have bad consciences? I read in one of my books that they do."

"I don't know, dear. Perhaps they have. What makes you ask such a funny question?"

**Treasured Pocket Piece.**  
In the office of the prison warden at Canon City, Col., a clever and notorious swindler, was being divested of the contents of his pockets. As each article was removed, it was carefully examined, listed and then placed temporarily on a near-by desk. Among the articles was a badly tarnished silver dollar, which the owner gave up with considerable show of reluctance.

At the conclusion of the search, the prisoner pointed to the dull-looking coin and in a suppliant tone, hesitantly asked the warden:  
"Would you mind letting me keep that with me?"  
"Why?" asked the warden.  
"Oh, just a little sentiment, I suppose," the prisoner explained. "You know, it's the first dollar I ever stole."
